

MADE IN BERLIN

CAREER FAIR

3 December 2026, LUDWIG ERHARD HAUS

INOVATIVE. SOCIAL. CAREERS.

MADE IN BERLIN Under the motto "Innovative. Social. Careers." MADE IN BERLIN 2026 brings together established companies, start-ups and NGOs, offering insights into career paths beyond the usual routes. With a **free NGO and Start-up Area**, we provide smaller NGOs and early-stage start-ups with an opportunity to present themselves to potential employees. More established start-ups, NGOs and companies can choose from a variety of stand options.

With more than **250,000 students, Berlin and Brandenburg** form one of Germany's largest higher-education regions. MADE IN BERLIN is one of the leading career fairs for students and graduates from universities in and around Berlin and has been recognised as one of Germany's **TOP career fairs** by the Focus Business Ranking. The fair regularly attracts **2,000–3,000 students, graduates and young professionals**. Its main focus is on **STEM and business/economics**.

THE CONCEPT Thanks to our close links with universities, professors and students, we as a Berlin-based career service can reach young talent across more than 800 degree programmes.

MADE IN BERLIN stands for **focused recruiting**. Even before the fair, you can get in touch with suitable candidates based on CVs submitted in advance. If you wish, we will publish your profile and editable job advertisements from the moment you book until the end of the year. Whether through online presentations ahead of the fair or scheduled interviews in an interview box directly at your stand, MADE IN BERLIN aims to enable connections that go beyond the initial contact.

OUR SERVICES Your exhibition stand is available in sizes of **4 m², 9 m², 12 m² or 18 m²** and, depending on its size, includes an exhibition counter, bar table, bar stools and electricity. The **4 m² Economy Stand** is particularly attractive for smaller companies, start-ups and NGOs. Early-stage start-ups (*founded up to three years ago*) and smaller NGOs (*up to 20 employees*) can also apply for a limited number of **free places**.

All visitors receive the MIB Fair Guide, which is also distributed to interested students at Berlin universities ahead of the fair. The guide is generally provided digitally. In addition to online presentations and newsletters before the fair, you will also have the opportunity to present your organisation at the event.
